

What is courtship Connection?

Although the name might make you think of something like the “Dating Game” or a singles matching service, Courtship Connection is not a couples matching agency!

Courtship Connection is a club for Bible believing families with children of all ages, that understand the dangers of dating, believe that courtship is the better way for their children, and desire to raise them with courtship in mind.

This club is not only for our marriageable age children. We want to provide opportunities to courtship-minded families, with children of all ages, to connect with other courtship-minded families.

Obviously, we are not a majority in our society, or even in our churches, so it is good for like-minded families, to get to know each other, encourage one another, and learn from each other.

This will be a safer place for all our children, of all ages, to interact with children of the opposite sex, other than the ones in their own family, in a family environment.

The families will meet once a month to learn and have wholesome fun together. Younger children will be able to meet other children in a safer environment, with their parents present.

Young adults will also be able to meet members of the opposite sex in a non-threatening setting, without the typical pressures to flirt and get a date found in other environments. Parents will enjoy making friendships with other parents that are like-minded in what they consider very important; the idea of their children waiting for the person that God has created for them, rather than buzzing around from one relationship to another.
